🛠️ ScholarPilot: Master Data Contract & Mock Data

Read this carefully. By agreeing to this schema *before* writing code, Abhishek (Frontend) can build the UI with mock data, Chirag (Java) can build the database, Bharat (Go) knows exactly what to output, and Deepak (AI/ML) knows what text to summarize.

1. Database Schema (PostgreSQL)

Chirag owns this, but everyone must know the relationships.

Table: `users`

(Auth only)

- `id` (UUID, Primary Key)
- `email` (String, Unique)
- `password_hash` (String)
- `created_at` (Timestamp)

Table: `profiles`

(1-to-1 with Users. The input for the matching engine)

- `user_id` (UUID, Foreign Key -> users.id)
- `full_name` (String)
- `category` (Enum: GENERAL, OBC, SC, ST, EWS)
- `annual_income` (Integer, in INR)
- `state` (String, e.g., "Haryana")
- `course_level` (Enum: CLASS_10, CLASS_12, UG, PG, PHD)
- `gender` (Enum: MALE, FEMALE, OTHER)
- `is_disabled` (Boolean)
- `marks_percentage` (Decimal)

Table: `schemes`

(Populated by TinyFish via Go -> Java. Read by AI/ML)

- `id` (UUID, Primary Key)
- `source_portal` (String, e.g., "NSP", "Haryana State")

- `scheme_name` (String)
- `provider` (String, e.g., "Ministry of Education")
- `award_amount` (Integer, in INR)
- `deadline` (Date, YYYY-MM-DD)
- `apply_link` (String, URL)
- `raw_eligibility_text` (Text, the messy legal wording)
- `llm_summary` (Text, the plain English version by Deepak's AI)
- `required_documents` (Array of Strings, e.g., ["Income Cert", "Aadhaar"])
- `confidence_score` (Decimal 0.0 to 1.0, from TinyFish)

Table: `applications`

(The User Tracker)

- `id` (UUID, Primary Key)
- `user_id` (UUID, Foreign Key -> users.id)
- `scheme_id` (UUID, Foreign Key -> schemes.id)
- `status` (Enum: ELIGIBLE, APPLIED, PENDING, APPROVED, REJECTED)
- `applied_at` (Timestamp, nullable)

2. The Scheme JSON Object (The API Contract)

Bharat (Go) must output this exact structure. Chirag (Java) will receive it, and Abhishek (Frontend) will render it.

```
{
  "id": "550e8400-e29b-41d4-a716-446655440000",
  "source_portal": "NSP",
  "scheme_name": "Post Matric Scholarship for OBC Students",
  "provider": "Ministry of Social Justice",
  "award_amount": 25000,
  "deadline": "2026-11-30",
  "apply_link": "https://scholarships.gov.in/obc-post-matric",
  "raw_eligibility_text": "Applicant must belong to OBC category and annual family income from all sources should not exceed Rs. 2,50,000/-. Candidate should be pursuing post-matriculation or post-secondary course.",
  "llm_summary": "You can apply if you are OBC and your family income is under ₹2.5 Lakh. You must be studying after Class 10.",
  "required_documents": [
    "Aadhaar Card",
    "Income Certificate",
    "Caste Certificate",
    "Previous Year Marksheet"
  ],
  "confidence_score": 0.95
}
```
